

**Career Education.
Reinventing Possible.**

March, 2017

DEDICATED TECHNICIAN

Aubrey Turner

Aubrey Turner is completing her second year in Prosser's health careers program. In this program, students combine the required coursework they complete at Prosser with specific clinical training in surgical sterilization. Audrey is reporting three days a week to Norton Children's Hospital logging 400 clinical hours, which will make her eligible for her Central Service Technician (CST). Because to her ability, work ethic, and dedication, Norton Children's Hospital has hired Aubrey where she works approximately 20 hours each week being paid more than \$18 an hour. Aubrey will earn her Indiana's Technical Honors Diploma when she graduates in June and will have fifteen Ivy Tech credit hours through her Prosser and Silver Creek High School educational experiences. After acquiring her undergraduate degree at IUS, Aubrey plans to attend medical school to reach her long term goal of becoming a pediatric surgeon. Grateful for the opportunities while at Prosser, Aubrey commented "When I was just a freshman, I knew Prosser would be the pathway to do what I want to do."

Aubrey Turner is a senior at Silver Creek High School. Her proud parents are Rachel and Daniel Hollensead.

SOARING TOWARD A BRIGHT FUTURE

Drake Miller

Drake Miller, a senior in Prosser's Aviation Flight program, recently finished his flying session at Honaker aviation and is completing eighteen dual college credits through Vincennes University. Drake will earn his Academic as well as Technical Honor's Diploma

upon graduation and is maintaining a 3.74 GPA. In addition to flying, Drake has been swimming ten years competitively for Riverside Aquatic Club and is a co-captain on the NAHS varsity swim team. He is active in WNAS, New Albany's student run radio station, Spirit Club, and is a lifeguard at the New Albany YMCA. He is working toward the PRIDE Work Ethic Certificate and has numerous volunteer hours, some of which came from working at Prosser's annual 5K Turkey Trot. Drake's future plans are to attend Indiana State University and major in Aviation. Of Prosser, he says, "Prosser is a good chance to get a head start toward your future."

Drake's a senior at New Albany High School. His proud parents are Dave and Stacy Miller.

CULINARY COMPETITION:

ProStart

Prosser Career Education Center will have fourteen students competing in this year's ProStart competition. The students have worked hard, collectively, with our Culinary staff participating in many after school practices. ProStart is a culinary competition where students compete from across the state putting their knowledge and skills to the test in front of industry leaders, National Restaurant Association Educational Foundation Trustees, state restaurant association executives, top post-secondary schools, families, and friends. The top five teams in each event receive trophies, medals, and scholarships to further their careers in the restaurant and food service industry. We wish these fourteen students good luck as they continue to demonstrate their culinary art and showcase our culinary program.

HANDS ON

Chase Garmon

Chase Garmon enjoys working with his hands. In his spare time, he likes to hunt, fish, and shoot clay pigeons on his family farm in Georgetown. Chase's career pathway began with

influence from his father who is employed by South Harrison schools working on their HVAC units. Chase truly enjoys taking things apart and trying to figure out the problem. He feels a sense of accomplishment when he is able to fix the problem and help others. Chase is a member of the National Technical Honor Society and a PRIDE work ethic candidate. He carries a 3.65 GPA and after graduation plans to earn an apprenticeship with Louisville Pipe Fitter local 502 where he will become a commercial service technician working on heating and air conditioning units.

Chase Garmon is a senior at Floyd Central High School. His proud parents are Penny and Tony Garmon.
