## **Horticulture Happenings** **Program Highlight**

Prosser's Horticulture program welcomed Discovery Time II Child Care Center on April 23rd and April 24th. Mr. Churchman and the AM students hosted hands on field days for the children at Discovery Time II. This event allowed children from our local community the opportunity to tour the Prosser Greenhouse and learn about a variety of plants grown at Prosser. Students from the AM Horticulture class assisted the children in planting flowers in pots and learning how to care for their plants at home. Thank you to Discovery Time II Child Care Center for visiting. We are proud of the Prosser Agriculture students. It was a fantastic experience for all!

In addition to the visit from Discovery Time II, Prosser FFA recently competed in the University of Kentucky Agriculture Field Day for the first time on April 19th. Nearly 2000 FFA members participated in over 25 contests. Robynn Cole and Brooklyn Bostock placed 1st in the Demonstrations/Outdoor Recreation division. It was an exciting and educational experience for all who attended, and we are Prosser proud of everyone who participated!

## **Future Dentist** **Laken Flickner**

Laken Flickner is a leader, a hard worker, and always helping and serving others. At South Central High School, she is a member of the FFA, a member of 4H, and a cheerleader. It was Laken's aunt, Ashley Jordan, who first encouraged her to pursue Prosser. As a former Prosser health career

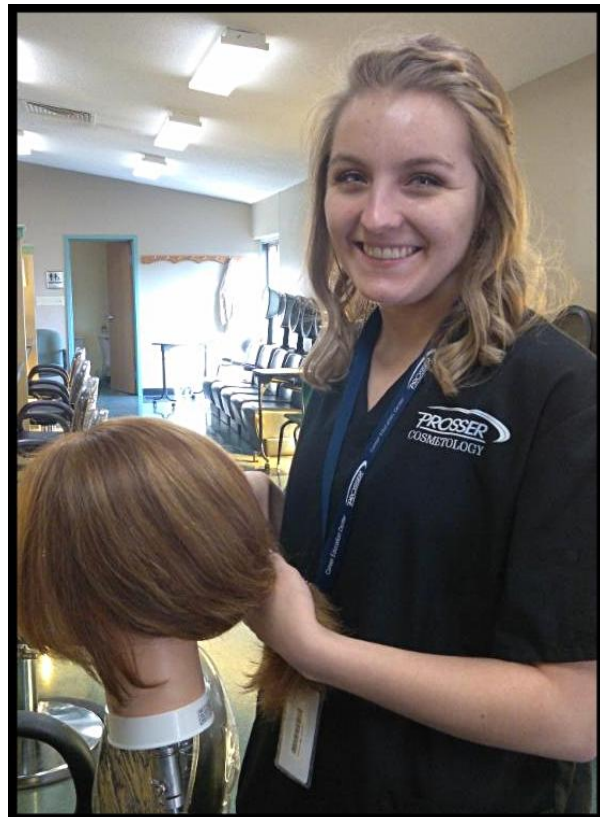

student, Laken's aunt knew the educational experience would be life changing. Laken states, "I love it at Prosser." Laken has taken advantage of her Prosser opportunities by taking health careers her junior year and our newest program, Dental Careers, her senior year. She earned 6.5 dual credits last year in Health Careers and will earn 6.5 dual credits in Dental this year from Ivy Tech. She has been a Prosser Ambassador for two years and is a candidate for the PRIDE Work Ethic Certification. Laken will receive her Technical Honors Diploma, and she plans on becoming a dental hygienist then a pediatric dentist.

Laken Flickner is a senior at South Central High School. She is the proud daughter of Frank Jordan and Tina Flickner.

## **Cosmetology Achiever Shelby Tower**

Shelby Tower, a senior at Crawford County High School, excels in the Prosser Cosmetology Program. Shelby routinely finds herself on the A-honor roll with a GPA of 4.11, placing her #4 in her graduating class. She will graduate with a Technical Honors Diploma, is a candidate for the Pride Work Certificate, and is eligible to earn all 30 college dual credits with Vincennes University for her participation in Cosmetology. While attending Prosser, Shelby has placed 4th at Regionals for SkillsUSA allowing her to go to the Indiana State Competition taking place in March, and she has also been inducted in the National

Technical Honor Society. Shelby's hard work and commitment was rewarded when she was chosen by her teachers to cut the Lt. Governor's, Suzanne Crouch, bangs during a recent state visit to the Prosser Cosmetology program. Besides being a dedicated student, Shelby volunteers for the Crawford County Blood Drive and the Star Tree (Angel Tree), recycles at her school, spends time at Kids Day located at Jasper Engines, helps at Princess for a Day at New Albany High, and volunteers at Strandz and Threadz located in New Albany. Shelby is a Wall of Fame and PRIDE Award student who is sure to reach her goal of being a successful Cosmetologist! Great job, Shelby... you make us #ProsserProud!

## **Network System Leader** **Alexis Bruszewski**

Alexis Bruszewski, a junior Prosser student in Computer Network Systems, is one of sixty students on Prosser's Student Leadership Team. Each teacher at Prosser nominates one student as an ambassador for the school. These students volunteer their time to assist with Prosser's events throughout the year. Both Networking teachers feel Alexis is a respectful, dependable, and successful student that perfectly represents their program. Alexis has already earned the Networking and Operating System Certification, and she continues to work toward mastery in other networking areas. Her favorite part of the program is the hands-on experience she receives daily. At Corydon Central High School, Alexis maintains a 3.5 GPA and
