Diesel Passion

Nathan Smith

Nathan Smith has a passion for trucks, big and small. He grew up around motors and trucks, and his dad is a truck driver. When it came time to choose his high school classes, he knew that he wanted to attend Prosser and be in the Diesel program. Nathan attends Providence High School and has a 4.0 GPA. He is working toward the Technical Honor's Diploma and is a likely candidate for the PRIDE Work Ethic Certificate. In fact, Nathan is a model student for the certificate according to his teachers and his employer, Bagshaw Trucking. At Bagshaw, Nathan services dump trucks and semis. When not working, he is on Providence's bowling team and is a two year member of SkillsUSA. He has over 60 hours of community service built up at local nursing homes, animal shelters, and soup kitchens. Nathan makes Prosser proud!

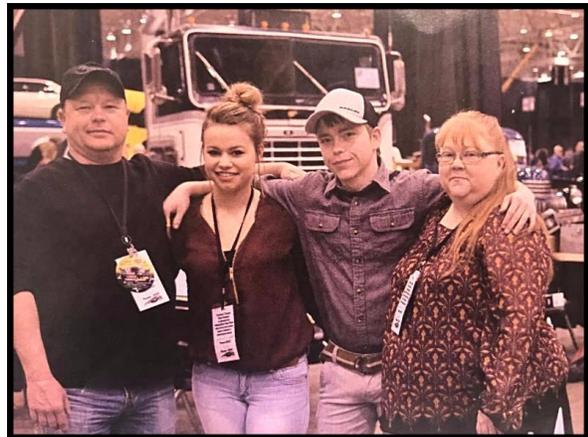

Nathan Smith is a senior at Providence High School, and his proud parents are Chris and Laura Smith.

Pinstriping Success

Dustin McClure

Dustin McClure, a senior student in Auto Collision, practices making perfect pinstripes for automotive panels. He has been noticed by the automotive industry as he was recently featured in the Clarion and Autoart Kustom Painting magazine on his pinstriping passion. Dustin has become an entrepreneur by painting on panels for cars costing up to \$40,000. His first recognition for his work was at the Carl Casper Custom Auto Show in Louisville in 2014, and he was granted a

scholarship by artist Shawna Lewellen. In addition to pinstripping, he volunteers his time in the community and is a member of the Keystone Community Service for Crawford County High School where he attends. Dustin assisted in volunteering in the most recent flood disasters in Florida and Texas and has helped with his local food pantry. At his high school, he is one of few who have qualified for regionals in wrestling three years in a row. Dustin exhibits excellence at Prosser and is eligible to receive the PRIDE Work Ethic Certificate. He is currently on an externship at Bachman in Jeffersontown, KY. He plans to attend college next fall at Vincennes University.

Dustin McClure (second from right) is a senior at Crawford County High School. His proud parents are Tony and Janice McClure.

Welding: A Family Tradition

Logan Bryant

When you first meet Logan Bryant, you are welcomed with a warm smile. The South Central High senior has been a Prosser Ambassador for two years and is on track to achieve his PRIDE Work Ethic Certification. Logan is in our second year welding program and is continuing a tradition his grandfather, Harold Bryant, and cousins began in becoming a welder. Logan has always liked to look at something and build it. He and his family are also passionate about race cars.

Logan Bryant is a senior at South Central High School. His proud mother is Denise Ingle.

Logan is currently working on a demolition car that he plans on racing at the Corydon and Meade County Demolition Derbies. In his spare time, Logan runs a small cattle operation. Logan's future plans are to continue welding as a career pathway understanding his work ethic will be the key to his success.

Prosser's Annual 5K Turkey Trot

On November 18, 2017, Prosser Career Education Center held its annual Turkey Trot 5K Trail Run/Walk. This is a fundraiser for students who compete in SkillsUSA, a competition held annually across the nation that rewards students for excellence in industry skills and performance. There

was much support for this event in the form of sponsors and volunteers. We are grateful for the many sponsors who contributed to the event and the many teachers, students, and community members who volunteered their time to help with the event. There were 123 participants this year. The top male finisher was Blaze Abner, a current Criminal Justice senior, and the top female finisher was Regina Moore.

Prosser Turkey Trot participants pose for a photo after the race.
